MOTORMAN KILLED IN JUMP FROM CAR

E. M. Hupp, Employee of Interstate Public Service Company, Sustains Broken Neck.

THOUGHT CARS WOULD CRASH

Fear of Collision at Switch Near Amity Caused the Motorman to Leave His Post.

E. M. Hupp, aged thirty-two, a motorman in the employ of the Interstate Public Service Company, was killed instantly late Thursday afternoon by jumping from a traction car when he thought that a collision at a switch near Amity was unavoidable. The cars did not crash and he would have been unhurt if he had remained at his post. Hupp was running the south bound limited car which left Indianapolis about 6 o'clock and is due here at 6:10 p. m. He had orders to meet a local at the switch near Amity and when the cars approached the motorman thought that they would crash. He jumped from the side door of the motorman's compartment and fell on his head and neck. His death occurred almost immediately.

Hupp was employed as an extra motorman, but had almost regular employment. He was well known here as he usually ran to this city where the crews were changed. He would then return on a northbound car. Hupp's home was at Greenwood and he had been in the employ of the company several years.

The body was removed to the home of E. R. Hupp, a brother, at Greenwood. The funeral will be held there. Hupp was of a congenial disposition and was popular with his fellow employees. His death came as a shock to the employees of the company with whom he worked and was associated.

BALTIMORE & OHIO SAFETY MEETING IS HELD TODAY

The regular monthly safety meeting for the employees of the Baltimore & Ohio railroad was held at the assembly room in the office building this afternoon. A. A. Iams, division superintendent, addressed the men encouraging them to take every precaution for the safety of the traveling public and themselves. The meeting was well attended.

INVESTIGATION OF THE MEXICAN PROBLEM

Senate Committee Orders Favorable Report on the King Resolution.

By United Press
Washington, August 8.—The senate foreign relations committee today decided upon an investigation of the Mexican problem. It ordered a favorable report on the King resolution empowering the committee to investigate the matter of damages and outrages suffered by American citizens in Mexico.

The resolutions give the committee broad powers to go into the killing of Americans, the destruction of confiscation of property and the collection of claims since the retirement of President Diaz.

SEVEN THOUSAND MINERS IN TERRE HAUTE AREA IDLE

Cows Not Available Because of Shopmen's Strike on C. & E. I. Railroad.

Terre Haute, Aug. 8.—Seven thousand miners were idle in this district today as a result of the shopmen's strike on the C. & E. I. railroad. The Pennsylvania railroad is endeavoring to maintain its service to the mines. Practically all the mines located along the C & E I lines had suspended operations.

There are approximately 2,200 shop workers out here demanding increased wages, five hundred of whom worked for the C & E. I. The remaining 1,700 were employed by the Pennsylvania.

QUOTA ASSIGNED TO ASSOCIATION

Jackson County Farmers' Organization Asked to Give \$2,500 for The State Body.

PART OF DRIVE FOR \$200,000

Money Will Be Used to Finance Organization in Indiana For Three Year Period.

A drive for \$200,000 to finance the Indiana Federation of Farmers' Association is to be waged throughout the state within a short time and the Jackson county association has been given a quota of \$2,500. The local organization has known for some time that money would be required to carry on the work of the state association but the members did not know when the apportionment would be made.

The apportionments were made following a careful survey of each county. The quotas for the surrounding counties follow: Bartholomew, \$2,500; Dearborn, \$1,500; Jefferson, \$2,500; Jennings, \$3,000; Lawrence, \$1,500; Orange, \$1,000; Ripley, \$1,500; Washington, \$1,500. The state organization announces that there is already considerable rivalry among some of the county associations to be the first to report its quota complete.

W. H. Hickman, first vice president of the federation and chairman of the executive committee, said that the quotas had been worked out after a careful survey of the field in which the strength of the various county organizations, the assessed valuation of the land, and the number of farms along with the general prosperity of the community had been taken into consideration.

In addition to the district supervisors who have charge of raising the fund with which the organization is to be financed for a period of at least three years, several directors will attend the meeting today.

COLUMBUS VOTERS OPPOSED TO NEW SCHOOL GYMNASIUM

Construction of Building Rejected Because of High Price of Materials.

The voters of Columbus yesterday turned down the proposition to issue bonds in the sum of \$60,000 for a new school gymnasium there. The vote stood 119 for the proposition and 654 against it. The labor organizations were against the bond issue because of the high cost of everything for the necessities of life.

Several weeks ago the Columbus School board petitioned the Indiana board of tax commissioners for authority to issue the bonds, but this was rejected by the commission, on account of the high prices of building material and the advanced wages of labor. The school board then petitioned the commission for a special election, which was granted. This was the first election held in the state under the new referendum law granted voters in Indiana.

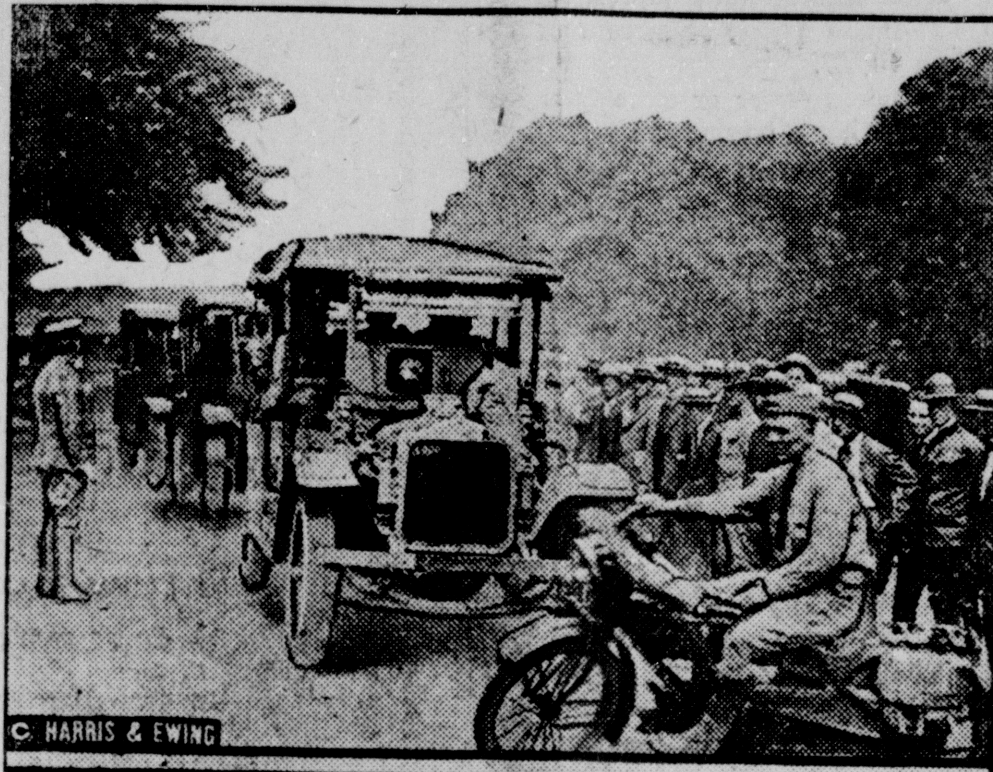

SEYMOUR RED SOX WILL PLAY NORTH VERNON

Game Will Be Staged at New Ball Park Southwest of Ahlbrand Carriage Factory Sunday.

Frank Price, manager of the Seymour Red Sox baseball club, has arranged a game with the North Vernon Champions to be staged at the new ball park southwest of the Ahlbrand Carriage Factory Sunday afternoon. The North Vernon club is one of the fastest ball teams in Southern Indiana and the game here Sunday promises to be a close one.

Since the re-organization of the Seymour Red Sox the team has won the two games played and local fans predict another victory Sunday for the local club. Manager Price is making arrangements to build a new grand stand at the ball park which will likely be ready for use Sunday. Taylor and Herrmann will form the battery for the local team and the remainder of the line-up will be the same as last Sunday when they defeated the Westport club by a score of 7 to 1.

MOTORTRUCKS START LONG TRIP

Here is the start of the long motortruck train which left Washington recently on a journey which is to extend across the continent. The fleet of 60 trucks and 200 men, said to be the longest truck train ever assembled, is in charge of the motor transport corps, U. S. A.

FEES FOR TRUCKS BASED ON CAPACITY

Horse Power no Longer Considered in Granting Licenses for Commercial Vehicles.

NUMBER PLATES FOR TRAILERS

Schedule of Charges for Pleasure Vehicles of Interest to Local Auto Owners.

Owners of motor trucks who have recently applied to the secretary of state for licenses have discovered that such vehicles are no longer licensed according to the horse power of the motors but that the charge is based upon the capacity of the vehicle. The change was made by the last legislature and was not in effect when licenses for trucks were applied for early in the spring. The amended law is quite different from the former regulations in several other respects.

License plates for trailers are also required under the law. This applies to trailers for pleasure vehicles as well as commercial trucks. The charge is based on the capacity, \$3 being the fee for a trailer to be used behind a pleasure car providing that the carrying capacity of such car is less than three-fourths of a ton. A trailer for a commercial car is charged for on the basis of one-half the license fee of the machine. The

ATTEND CONFERENCE WITH ORGANIZATION OFFICIALS

Local Members of Boilermakers and Machinists Union Spend Thursday Evening at Washington.

Several members of the Boilermakers and Machinists union employed at the Baltimore & Ohio roundhouse in this city spent Thursday evening at Washington conferring with organization officials.

As yet no orders to walk out have been received by local employees but it was stated by machinists this morning that in case the order was given all members would comply with it. The purpose of the meeting at Washington Thursday evening, it was stated, was to discuss what action will be taken in case a strike is called. It is understood the Baltimore and Ohio officials voted to strike only when the order was issued by the union heads.

CAR STOLEN AT COLUMBUS

Local Police Asked to Be On Look Out For Automobile Thief.

The night police received a message from Columbus Thursday night asking that they be on the look out for a Ford automobile which was stolen in that city early that evening. The officers kept a close watch in hopes of finding the stolen car but the auto thief evidently stayed clear of Seymour.

HINES DIRECTED TO ACT IN STRIKE

Procedure of Settlement of Rail Differences Depends upon Attitude of Employees.

LETTER ISSUED BY WILSON

Jewell Asks Strikers to Return to Work So Adjustment Can Be Effected.

By United Press
Washington, D. C., Aug. 8.—Whether wage demands of railroad employees will be peacefully arbitrated or whether the workers will defy the government and attempt to cripple the roads by strikes apparently depended today on the response of striking shopmen to President Wilson's order that they return to work before their requests for more pay will be considered.

The president, in a letter to Rail Director Hines, told him to take up the wage question without further authority from congress but also told him there would be no dealings with the employees until the railroad shopmen, who walked out without the sanction of their leaders, went back to their jobs.

B. M. Jewell, acting president of the railway department of the American Federation of Labor has telegraphed the shopmen asking them to resume work so a settlement of all the railroad employees' wage demands will not be delayed.

Answers to Jewell's appeal were looked for today in the action of the unauthorized strikers. If they go back to work negotiations between the railroad administration and the employees will proceed. Otherwise, according to Wilson's letter, the government will ignore the wage demands.

"Until the employees return to work and again recognize the authority of their organizations, the whole matter must be at a standstill," wrote the president. The letter emphasized that the rail administration will deal only with duly accredited national heads of the unions.

"You are hereby authorized," the president ordered Hines, "to say to the railroad shop employees that the question of wages they have raised will be taken up and considered on its merits by the director general, in conference with their duly accredited representatives."

The letter made no mention of rates.

President Wilson instructed Hines to decide the wage question following receipt of a letter from Senator Cummins, who said the senate interstate commerce committee had decided the president had full power to act.

WILSON ASKS EXTENSION OF LEVER FOOD CONTROL ACT

WILL PROSECUTE HOARDERS OF FOOD

L. Ert Slack, District Attorney, Says He is Going After High Cost of Living.

LEVER ACT IS EFFECTIVE

Provides Heavy Penalties for Conspiring to Restrict Supply or Distribution of Food.

By United Press
Indianapolis, August 8.—"We are going after this high cost of living in this district," L. Ert Slack, United States district attorney, said today. "The Lever act provides prosecution and heavy penalties for willful hoarding of food and other necessities and for conspiring to restrict the supply or distribution of such necessities."

Condemnation and public sale of hoarded articles will be resorted to by the government, Slack said. "We shall not hesitate to libel and sell hoarded foodstuffs as well as prosecute under the criminal section of the act."

The district attorney invited complaints and information from local officials, organizations and persons relative to the hoarding or the restricting of the supply, distribution or manufacture of any necessity.

"PEACE CONSCRIPTION" IS NEW MILITARY PLAN

Senator Johnson Says Proposed System Will Cost Nation Billion Dollars Annually.

By United Press
Washington, August 8.—The war department's plan for universal military training is "peace conscription," Senator Hiram Johnson, California, declared today in commenting on the proposal as outlined by Chief of Staff March to the senate military affairs sub-committee.

Johnson said the program would cost one billion dollars a year when in operation.

"Peace conscription as a cost of one billion dollars a year is the price we are to pay for the league of nations," Johnson said. "Does universal peace bring with it universal military training? I cannot see why, when we are facing an era of universal peace we should have an army many times larger than we ever had before."

March, who was called before the committee again today, said the general staff plan could be abandoned "if we want to go back to the system of defenselessness we had at the beginning of the war."

MANY STRIKING SHOPMEN ARE RETURNING TO WORK

Union Leaders Informed That Men Are Complying With Request of President.

By United Press

Washington, August 8.—Telegrams received by the American Federation of Labor today indicated that railway shopmen who struck without authority have already started going back to work in response to President Wilson's letter in which he stated that the government would not consider higher wages for them until they had returned to work. Strikers were reported to have returned to work at all shops on the Lackawana and Norfolk & Western Railroads.

Officials of the railway department of the American Federation of Labor met today to frame arguments to the unauthorized strikers to support the request that they resume work, pending negotiations.

"We want our men to obey the president," said C. B. Jewell, acting head of the American Federation of Labor, Railway department.

PROGRAM TO BEAT DOWN HIGH COSTS

President in Address to Congress Says Laws Must Be Enacted to Meet Peace Time Conditions.

INTERSTATE REGULATIONS

Would Have Law Passed Which Would Provide a Heavier Penalty for Profiteering.

MAKES APPEAL TO WORKERS

Chief Executive Warns that Strikes and "Violence Contests" Must Be Eliminated.

By United Press

Washington, August 8.—President Wilson today proposed to congress the following definite program of legislation to cope with the high cost of living:

1. Extension of the Lever food control act to peace time, and broadening of its anti-hoarding provisions to cover foodstuffs, fuel, clothing and other necessities of life.
2. Enactment of a law regulating coal storage.
3. Federal licensing of all corporations engaged in interstate commerce with specific regulations to prevent unreasonable profits.
4. Passage of the bill now pending for control for security issues.
5. Provision of adequate funds for government agencies to enable them to give full publicity to retailers' costs and profits.
6. Definite provision for a penalty for profiteering.
7. Provision for marking on the package the price paid to the producer of all goods to be shipped in interstate commerce.

The president presented this concrete program before a joint session of congress late today.

Denouncing some of the methods by which present high prices are produced as "illegal" and criminal the president assured congress and the country that swift prosecution and punishment will fall upon the guilty.

He indirectly appealed for early ratification of the peace treaty by pointing out that economic disturbances growing out of the war cannot be calmed until there is peace. But whatever can be done to meet the immediate situation should be done quickly, the president said. The president issued both a warning and an appeal to the country's workers not to strike or resort to "violent contests" to settle the situation.

President Wilson told congress that:

Methods by which some of the high prices are produced are criminal.

Existing law is inadequate.

The president addressed congress in a joint session at 3 o'clock this afternoon. Many of the house members were away on vacations but hurried back to Washington in response to party leaders when it was announced from the White House that the president would deliver his address this afternoon.

Winning Others to Christ

Acts 16:9-15; James 5:19, 20.

Golden Text:—Ye shall be witnesses unto Me both in Jerusalem, and in all Judea, and in Samaria, and unto the uttermost parts of the earth.—Acts 1:8.

ADDITIONAL MATERIAL—Luke 19:1-10; John 3:1-16; Acts 20:17-21; 28:30, 31.

PRIMARY TOPIC—Helping others to know Jesus (Acts 16:9-15).

JUNIOR TOPIC—Telling our friends about Jesus (John 1:40-46).

INTERMEDIATE TOPIC—Witnessing for Christ.

SENIOR AND ADULT TOPIC—Personal evangelism the duty and privilege of all Christians.

I. Paul Called to Macedonia (Acts 16:9-12).

The inclination of Paul and his companion was to tarry in the province of Asia, preaching the Word, but they were hurried along against their inclination. Realizing that the Spirit knew best they obeyed. In the guidance of the Spirit we find him just as active and as faithful in closing doors as in opening them. Those who are disposed to do the will of God should heed this fact. Being hemmed in on all sides, Paul saw in a vision a man of Macedonia pleading for help. He now saw clearly the mystery of the closed doors about him. As soon as the divine way was known they rendered immediate obedience. As true servants of God they did not question his wisdom nor delay action. Christ, the Divine servant, is the pattern of obedience for all time.

II. Paul Winning Lydia to Christ (Acts 16:13-15).

With Paul as leader, the missionaries went to Philippi where they spent several days studying the conditions there. The Jewish element in the city was very insignificant, as they could not afford a synagogue, making it necessary for the devout people to frequent the river side for worship. To this humble gathering Paul came and preached to the women gathered there. A certain woman by Thyatira, a proselyte, believed in his message and was baptized.

The work of the Lord here had a very humble beginning, but it was destined to transform all Europe and the world. Lydia's is a typical conversion, therefore it is worthy to note—

1. Her attendance at the place of prayer (v. 13).
2. She listened to the preaching of the Word of God (vv. 12-14).
3. Her heart was opened by the Lord (v. 14).
4. She was baptized (v. 15).
5. Her household believed (v. 15).

III. The Blessed Issue of Soul-Winning (James 5:19, 20).

The business of soul-saving is the most important in which a human being can engage. Anyone who has been saved can point lost souls to the Savior. Christ came to save the lost (Luke 19:10). It is the blessed privilege of all Christians to labor together with God in rescuing the perishing. The result of soul-saving is twofold:

1. It saves souls from death (v. 20). Meditation upon the three words "saves," "soul," "death," will make us conscious of the tremendous importance of soul-saving. We must realize the value of the souls before we can give ourselves to the work of saving them. A soul is of more value than the whole world (Matt. 16:26). God valued souls so much that he gave Jesus to die for them (John 3:16).
2. "Hides a multitude of sins" (v. 20). God's way of hiding sin is to save men from it. Every sinner has a multitude of sins, therefore every soul saved hides that multitude of sins. When sins are thus hidden they are out of God's sight forever. "As far as the east is from the west, so far hath he removed our transgressions from us." (Psalms 103:12). He remembers our sins against us no more. (Isa. 43:25.)

MAHRENHOLZ SURE OF TOTAL SUCCESS

Evansville Man Confident Trutona Soon To Relieve His Troubles.

Evansville, Ind., Aug. 7—"I had to lay off from work recently but I'm going to go back on the job again next Monday morning," John Mahrenholz, residing in Benninghoff avenue, said recently. I believe Trutona is going to entirely relieve me of my troubles," he added.

"I've had a severe case of rheumatism for the past four or five years. My leg muscles would often cord up in knots as big as eggs under my knees. I had the same trouble with my collar bone. Large lumps frequently formed on my temples and hurt me so badly I couldn't bear to wear my hat.

"I knew of several people who had been benefited by Trutona and then I decided to try it. My improvement certainly has been rapid. The 'knotty' formations under my knees have disappeared and the lumps on my temples don't bother me any more. I can wear my hat without pain now. I'm glad to publicly thank Trutona and I recommend it to all."

Trutona is now being introduced and explained in Seymour at W. L. Federmann's Drug Store.

HISTORY OF TWENTY-SIXTH INFANTRY IS PUBLISHED

Roy M. Franklin, of This City, Aids in Capture of The Town of Villemonty.

W. J. Houchen has received a copy of the history of the Twenty-Sixth infantry of which his nephew, Roy M. Franklin, of this city, is a member. Franklin is with the American army of occupation and is still on duty overseas.

A paragraph of the history gives an account of the work of a patrol of thirty-seven men of which Franklin was one, in capturing the town of Villemonty.

It follows: "A patrol of 37 men was sent from 'E' Company to capture and occupy the town of Villemonty. The patrol had quite a lively scrap before the village was cleared and the enemy killed or driven across the river. A number of the enemy were shot while attempting to swim to the east bank, after escape towards Mouzon had been cut off. Many civilians were found, among them a number of young women whom the enemy had intended to evacuate with him when surprised and driven out by our patrol."

Mrs. Gladys Carney, of Indianapolis,

WOMAN SAVED MUCH SUFFERING

By taking Friend's Advice and Lydia E. Pinkham's Vegetable Compound.

West Plains, Mo.—"I was all run down in health, had indigestion and terrible cramps every month so I was unable to do anything. I had tried every doctor in West Plains, also every remedy I could think of, without relief. One day when I was suffering greatly a friend was at my house and said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound?' So I did, and through it, I found relief from my suffering and I really believe it saved my life. It does not seem as though I can say enough in praise of this wonderful medicine for the health it has brought me."—Miss CORA LEE HALL, West Plains, Mo.

Perhaps it may seem an extravagant statement to say that this great remedy saved a life; but women like Mrs. Hall, to whom it has brought health, appreciate the danger and suffering they have escaped too well to doubt it! All who suffer should try it. Why risk life and health without it?

For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

The Ladies' Aid Society of the Surprise M. E. church will hold their annual festival on Saturday night, August 16. Ice cream, pop, lemonade and other refreshments will be on the ground in abundance and no means will be spared to make this a success. Let all come out and spend the evening.

Bert Rucker sold to Lawrence Downey last week six three months old pigs, netting him ninety dollars.

Raymond Wilson and wife accompanied by J. A. Brackmeyer, wife and children, motored to Seymour Saturday

GROGER UP AGAINST IT

"I have been up against it for past 3 years suffering from pain in my stomach and side until I was considering giving up my grocery business. Doctors and medicine did not help me. I heard of Mayr's Wonderful Remedy through a friend in Buffalo. The first dose gave me more benefit than all the medicine I had taken before and am now feeling as well as ever in my life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere.

RECEIVES DISCHARGE.

William Osterman Arrives Home Thursday Night.

William Osterman, who has been in the U. S. Navy for the past two years, arrived home Thursday night, having received his discharge. After a ten days' vacation Mr. Osterman will resume his position at the George F. Kamman jewelry store as watch maker which he resigned to join the service.

His parents, Mr. and Mrs. A. G. Osterman, South Chestnut street, expected him home this week but Dr. Osterman did not know of his son's arrival until this morning.

Dr. Osterman had met the morning trains and his disappointment that his son had not arrived was keen. He met his other son, Carl, who was a lieutenant in the army, and commented to him that "nothing was doing."

The former lieutenant then told his father that "Bill" had arrived home during the night and had quietly slipped into the house.

Louis Osterman, the third son who responded at the outbreak of the war, has also been mustered out of service.

Mr. and Mrs. Will Greemann and Rev. and Mrs. Louis Schriber and son, Norman, of Batesville, are the week end guests of Mr. and Mrs. Harvey Greemann and family, West Fourth street.

"SYSTEMATIC PLUNDERING" OF ROADS IS CHARGED

Originator of Plumb Plan of Railroad Control Testifies Before House Committee.

By United Press

Washington, August 8.—Charging a "systematized plundering of American railroads," Glen Plumb, yesterday told the house interstate commerce committee that the fourteen railway unions had summoned a national conference on railroad control, to meet in Washington.

Plumb said the evidence upon which he based his charges that big financial interests had wrecked the roads would be served until "it could be properly prepared and submitted to the jury of congress and public opinion."

Plumb is the originator of the Plumb plan for railroad control which the rail employees are demanding and are acting as attorney for the employees in their campaign.

While Plumb was testifying, it was announced that the interstate commerce committee had told President Wilson he had "full and plenary authority" to deal with the railroad situation and that additional legislation at this time is not necessary. In a letter written by Chairman Cummins at the committee's direction, Wilson was told that Director General Hines has authority to fix wages and rates and that no legislation is necessary to deal with the situation.

CHAPTER VIII.

A few days after George's return to the university it became evident that not quite everybody had gazed with complete benevolence upon the various young collegians at their holiday sports. The Sunday edition of the principal morning paper even expressed some bitterness under the heading, "Gilded Youths of the Fin-de-Siecle"—this was considered the knowing phrase of the time, especially for Sunday supplements—and there is no doubt that from certain references in this bit of writing some people drew the conclusion that Mr. George Amberson Minafer had not yet got his come-uncane, a postponement still irritating. Undeniably Fanny Minafer was one of the people who drew this conclusion, for she cut the article out and inclosed it in a letter to her nephew, having written on the border of the clipping, "I wonder whom it can mean!"

George read part of it:

We debate sometimes what is to be the future of this nation when we think that in a few years public affairs may be in the hands of the fin-de-siecle gilded youths we see about us during the Christmas holidays. Such luxury, such insolence was surely never practiced by the scented, overbearing patri-

The Joy of Motherhood Told

Women Tell How They Made Event One of Great Happiness.

In every part of the land there are women who tell how, through the application of Mother's Friend, they entirely avoided the suffering usually incident to motherhood. They relate in no uncertain terms how from its use the days were made bright and cheerful and the nights calm and restful, how the crisis was passed without the usual suffering experienced when nature is unaided, and how they preserved their health and strength to devote it to the rearing of their children and to the things life holds for them.

Mother's Friend is a most penetrating remedy, prepared especially for expectant mothers from a formula of a noted physician. Strain upon the ligaments is avoided, and instead of a period of discomfort and constant dread it is a season of calm repose. The hours at the crisis are less, and Mother's Friend enables the mother to retain her natural grace, and her skin is not cracked and does not become hard or disfigured.

Write to the Stradfield Regulator Company, Dept. L, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the druggist today.

INDIANAPOLIS & LOUISVILLE TRACTION RAILWAY CO.

letter several times. Then he dropped the missive in his waste basket to join the clipping, and strolled down the corridor of his dormitory to borrow a copy of "Twelfth Night." Having secured one he returned to his study and refreshed his memory of the play—but received no enlightenment that enabled him to comprehend Lucy's strange remark. However, he found himself impelled in the direction of correspondence, and presently wrote a letter—not a reply to his Aunt Fanny.

Dear Lucy: No doubt you will be surprised at hearing from me so soon again, especially as this makes two in answer to the one received from you since getting back to the old place. I hear you have been making comments about me at the theater, that some actor was more democratic in his manners than I am, which I do not understand. You know my theory of life because I explained it to you on our first drive together, when I told you I would not talk to everybody about things I feel like the way I spoke to you of my theory of life. I believe those who are able should have a true theory of life, and I developed my theory of life long ago.

Well, here I sit smoking my faithful briar pipe, indulging in the fragrance of my tabac as I look out on the campus from my many-paned window, and things are different with me from the way they were way back in freshman year. I can see now how boyish in many ways I was then. I believe what has changed me as much as anything was my visit home at the time I met you. So I sit here with my faithful briar and dream the old dreams over as it were, dreaming of the waltzes we waltzed together and of that last night before we parted, and you told me the good news you were going to live there, and I would find my friend waiting for me when I got home next summer.

I will be glad my friend will be waiting for me. I am not capable of friendship except for the very few, and looking back over my life, I remember there were times when I doubted if I could feel a great friendship for anybody—especially girls. Here in the old place I do not believe in being half-fellow-well-met with every Tom, Dick and Harry just because he happens to be a classmate any more than I do at home, where I have always been careful who I was seen with, largely on account of the family, but also because my disposition ever since my boyhood has been to encourage real intimacy from but the few.

From several letters from my mother, and one from Aunt Fanny I hear you are seeing a good deal of the family since I left. I hope sometimes you think of the member who is absent. I got a silver frame for your photograph in New York, and I keep it on my desk. It is the only girl's photograph I ever took; the trouble to have framed, though, as I told you frankly, I have had any number of other girls' photographs, yet all were only passing fancies, and oftentimes I have questioned in years past if I was capable of much friendship toward the feminine sex, which I usually found shallow until our own friendship began. When I look at your photograph I say to myself, "At last, at last here is one that will not prove shallow."

Friend, this is from your friend,
G. A. M.

BROWNSTOWN.

Last Sunday night Rev. R. I. Black, pastor of the Methodist church, gave a lecture; subject, "The Wayfarer," the theme of the great Pageant at the Columbus Exposition.

The river at Brownstown is now the greatest attraction. A large number enjoy the cool waters every evening.

The Junior League held their July picnic in Mr. Branaman's grove chaparral by their Superintendent, Mrs. Adeline Black.

Mrs. James Henderson, of Orleans, Ind., is visiting her daughter, Mrs. Clyde Elliot.

Brownstown is planning for a great day home coming and soldiers reunion this fall.

Rev. R. I. Black will be one of the speakers at the Russell's Chapel picnic next Saturday.

The Junior League of the M. E. church won the District banner for being the most efficient league in the Seymour District. The banner was formally presented to the League Sunday night by the pastor.

The Brownstown Boy Scouts have returned from their outing near Shields. All report a good time.

Henry Prince is seriously ill at his home in Brownstown.

The newly elected officers of the Epworth League of the M. E. church will be installed by the pastor Sunday night. The league will give a social on the church lawn Tuesday night.

Get Efficiency From Your Tractor

KEEP it in service constantly. The one best way to do that is to give it all the lubricating oil it will take, providing you select the correct oil.

The Standard Oil Company (Indiana) has produced three oils which will correctly lubricate the entire range of tractors. These are:

Heavy Polarine Oil Stanolind Tractor Oil Extra Heavy Polarine Oil

Any Standard Oil representative will be glad to show you the chart of Tractor lubrication, prepared by our Engineering Staff. It indicates specifically which of these three oils the Standard Oil Engineers have found will give the best results in your particular tractor.

We have just published a 100-page book, "Tractors and Tractor Lubrication," prepared by our Engineering Staff, which you will find a valuable reference book, and we believe it will save you many days of tractor idleness with the resultant money loss.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs al-

most nothing. Get a one ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

Expenditures and Tax Levies for the Year 1920.

The Trustee of Redding Township, Jackson County, proposes for the yearly expenditures and tax levies by the Advisory Board at its annual meeting, to be held at District 6, on the 2nd day of September, 1919, commencing at 2 o'clock, p. m., the following estimates and amounts for said year:

NEWSY PARAGRAPHS

Repairs were made today on the Redington Mutual Telephone Company lines.

Enos McClintock is seriously ill at his home in Redding township, with typhoid fever.

Virgil Johnson has received his discharge from naval service and returned to his home in Redding township.

Otis Eddington has received his discharge from the navy and arrived here Thursday night for a short visit with friends. He went to Columbus this afternoon and from there will go to Pittsburgh, Pa.

James Persinger, a melon grower who resides near Shieldstown, brought a fine wagon load of watermelons to the local market today. The melons were among the finest to have been placed on the local market this season.

Seymour sent a large delegation to Columbus Thursday to attend the Bartholomew county fair. A large number of young people went from here to Columbus Thursday evening to attend a dance given on a paved street.

A move is on in Bartholomew county to have the photograph of every soldier, sailor or marine from that county on a honor roll to be hung in the corridor at the court house in Columbus. W. G. Irwin, wealthy Columbus banker and investor, is behind the move.

Break Camp.

A camping party at Rockford returned home this morning, having spent an enjoyable week's outing. The members of the party were: John Harrison, Hugh Utterback, Clarence Green, Chris. Breitfield, James Quinn and Oden McConnell.

Bush's Shoe Special.

We have a large line of men's shoes and oxfords, sizes 6 to 7½, which we are offering at especially low prices. You cannot afford to miss this exceptional bargain.

Miss Katherine Bradley of Montgomery, who has been the guest of her sister, Mrs. Charles Bachus, North Poplar street, returned to her home Thursday afternoon.

G. H. Anderson Bulletin.

I have a car of Aviston Special Flour on hand out of old wheat. This has been tried, having sold one car load, and has proven to be satisfactory. It is guaranteed to be as good a patent flour as there is on the market, no exceptions whatever. I have a full stock of feeds—hominy feed, cracked corn, middlings, bran, horse feed, dairy feed, and all kinds of feed for all purposes. I am in the market for all the wheat, I can get, and will assure a square deal in regard to grades and price. Also rye, oats and corn at the top price. I will be open evenings to receive wheat. j8d&wtf G. H. Anderson.

Mrs. Nonnie Kelley and little son, of Seymour, visited relatives and friends here the last of the week.—Miss Eva Smith, who is spending the summer with her parents in a camp on White River, near Rockford, spent several days last week with friends in this city.—Mr. and Mrs. E. S. Welsh, of Seymour, and L. S. Shockley and Miss Gertrude Bergman, of this city, motored to Cincinnati Sunday.—North Vernon Plain Dealer.

Judge O. H. Montgomery transacted business in North Vernon today.
